# MISSION

- ▶ mission is to provide an effortless and convenient method of donating your used clothes, shoes, accessories and household item. not only provides an easy way to be part of a truly good cause, it gives a secondary use to corrugated boxes and guarantees they will be recycled. This is an all-round Sustainability solution.

# HOW IT WORKS

- ▶ Reuse your online shipping boxes in which you received your purchases, or any other cardboard box you may have to donate.
- ▶ Fill the box with clothing, accessories and household goods you no longer need.
- ▶ Print your free prepaid shipping label and choose a charity where you would like to ship your donation.

**1. OPEN YOUR BOX**  
Unpack your merchandise and enjoy your new look!

# OUR SUSTAINABILITY IMPACT BENEFITS

- ▶ Environmental
- ▶ Social
- ▶ Economical

# ENVIRONMENTAL

- ▶ Everyday millions of boxes are being shipped by online retailers. While 93% of all boxes are recycled, this program ensures that the box gets a second life and is recycled. Our mission is dedicated to protecting our environment through the philosophy of **reduce**, **reuse**, and **recycle** by helping people to donate items to charities using the same box.

# SOCIAL

- ▶ Through making the item donations process both convenient and hassle free, we will change the way people donate and allow charities to collect donations to help carry out their mission. Donating these items makes helping the 50 million people living below poverty a reality.

# ECONOMICAL

- ▶ Donating using is **hassle free** for the donor and it also **saves time** in their already busy schedule. You no longer have to use your time to drive and drop-off your donation, you can simply mail it to the charity. The retailer bottom line is also impacted positively through enabling them to become the catalyst in providing their customers with the convenience.

# REDUCE – REUSE – RECYCLE

“Think about donating before you recycle your next box”
