ADVANCED SYSTEMS CONCEPTS, INC.

Providing Quality System Software Solutions Since 1981

"Where your contributions matter"

The people who make up Advanced Systems Concepts are passionate about **Engineering, Sales, Marketing, Technical Support, Training, Professional Services, Quality Assurance** and **Customer Administration**. They majored in many different areas but they all have several things in common: they chose a career path and not a job. They love learning and meeting challenges. They wanted to make a difference right from the start.

Founded in 1981, Advanced Systems Concepts is a System Software Engineering company that produces industry leading world class enterprise software for Fortune 1000, large and medium-sized businesses, governments and educational institutions. With thousands of customers around the world, we're looking for top-tier candidates who bring enthusiasm and determination to solving problems (be they in Engineering, Sales, Marketing, Training, etc.) and derive satisfaction from successfully meeting those challenges. If that sounds like we're more than an Engineering company, you're right.

At Advanced Systems, we believe in mentoring, teamwork and collaboration. We take pride in the tight knit and personal environment we've created. An environment that's conducive to bringing out the best when engineering, marketing and selling our software products.

Full-time and internship/co-op positions are available in most areas within the company. Full-time positions are available to graduating or graduate students; Internship/Co-op positions are available to undergraduate students year round. Advanced Systems offers very generous compensation packages including bonuses, company contributed 401(k)/Roth retirement and health insurance plans and more. Advanced Systems is headquartered in Morristown, NJ which provides a small city setting with numerous restaurants and many other amenities. We are near major NJ highways as well as the Morristown, NJ Transit station.
